Experience

- Product Designer**
AAZZUR GmbH, Nov 2021 - Apr 2026

Designed financial products across payments, lending, and trade finance, plus internal dashboards and operational tools for enterprise teams.

Delivered end-to-end product design for 10+ partner solutions, including TUI's Travel Money & Payments app, with 4 products shipped and 3 currently in development

Developed scalable design systems and reusable components, improving consistency across complex product experiences

Translated complex workflows and data-heavy requirements into clear user flows, information structures, interaction patterns, and high-fidelity interfaces

Collaborated with cross-functional teams to refine UX flows and deliver product experiences aligned with user and business needs
- Graphic Design Intern**
Galleri Heike Arndt, May 2020 - Oct 2021

Developed visual identities and graphic assets across digital and print, including web and social media content, exhibition materials, and editorial layout design
- Graphic Design Intern**
BetterThings Studio, May 2019 - Jan 2020

Assisted with art direction and developed branding, packaging, and editorial design across a range of client projects

Education

BA Visual Communication Design
Istanbul Kultur University, Sep 2016 - Jul 2021
